## How To Ask Women Out

### The Calling Women & Texting Women Program

Dating Advice For Men About: How To Call Women, How To Text Women, When To Call Women, How To Ask Women Out Over The Phone And More.

Here's What You Get In My  
Ultimate Calling Women &  
Texting Women System...

### The Calling Women & Texting Women Program

\* The BIG secret to why ASKING for a phone number ruins your success with women. Then it shows you why TAKING a phone number is much better... and you'll see how to take any number you want ...

\* How to use my "Stalker Objection" Technique to stop women from saying "NO" when you tell them you would like to have their number. Once you learn how to use the Stalker Objection "against" women - You'll know why I always get women's numbers when I ask for them...

\* 3 simple, word for word sentences you can use to get a woman's number, ever time. No more fumbling for words and feeling like a fool when you get refused...

\* You'll get 3 techniques for writing down a woman's phone number that make her feel insanely attracted to you, and you haven't even called her yet...

\* 2 powerful tactics that will tell you EXACTLY when to call a woman. (HINT: It's not the same for every woman, and this is where most guys completely ruin it.) And... at what time of day to call women. If she sees your call, she will pick up the phone...

\* I'll show you how to know if a woman is too busy to talk... This test will tell you if a woman will answer the phone so you'll never have to wait for her to call you back when she's busy...

\* Learn the 1 thing you need to do BEFORE calling women that will set you up for an AWESOME conversation... You'll have fun and flirty calls even if you're normally quiet or shy...

\* Discover the secret of why calling women is like the stock market. (HINT: it has a lot to do with "investing" principles) and why it's better to let a woman talk more than you. After you discover this secret, it will be a piece of cake for you to make women want to go on a date with you as soon as humanly possible...

\* 5 techniques for teasing women on the phone that drive them CRAZY - with desire. They will get crazy over you. When you're done, they will DEMAND to go out with you...

\* How to deal with women who flake on you. This takes care of women who never pick up your call - or never call you back after you leave messages. And it takes care of women who keep saying "NO" when you talk about taking them out. Say goodbye to "phone rejection" for good!

\* The 5 KEY parts of ANY successful phone call. After you discover these elements you'll always know what to say. No stuttering or hesitation, or nervousness. You'll be able to easily call women and get a date within minutes. No resistance or head games...

\* The TRUTH about how many times you should call women...

\* THIS technique gets women to call YOU the first time after exchanging numbers with them. It's the lazy man's trick for getting dates - without begging or pleading...

\* What about after you hang up the phone? 6 phone attraction strategies will make a woman call her BFF (best friend forever) to brag about you. And tell her how awesome and sexy you are...

\* What to do when a woman calls YOU. This "Rule of 5" lets her wait - AND creates attraction for you - while you haven't even talked to a woman yet. My friends that I've taught this to call it the "Fight Club" technique - and it works like a charm. It also works completely opposite to common sense...

\* 3 KEYS to ANY successful text message conversation. If you have trouble creating attraction using text messages, THIS is one part of the System that will completely turn your game around...

\* Do you know when it's better to call a woman and when it's better to text her? Knowing this is CRITICAL, because doing the wrong one at the wrong time will RUIN your chances with a woman...

\* 3 situations that are PERFECT for texting a woman. And if you miss this window of opportunity, you may never get it again. You'll make her fall in lust with you within minutes. (I learned this from seeing what my sister always does when she's bored...)

\* How texting women is the doorway to something much greater: "Text Game Online". You're about to learn how text messages easily let you meet TONS of women online too...

\* Seven strategies for how to send text messages to women. As soon as you start using these strategies, women will literally sit and wait on your next message - just because she CAN'T WAIT to find out what you'll text her next...

\* The rules of calling women - the confidence mindset that gets dates FOR YOU. No more calling women and just wasting your time. No more talking over the phone with no results. Wait until you see how many calls this mindset turns into dates...

\* 4 powerful tactics that will get a woman to want to go on a date with you. These tactics will do it all for you without guilt or pressuring women to go on a date. By the way: My Chinese friend Han has proven that this stuff works all over the planet. He's become the Hong Kong version of Hugh Hefner...

\* How to use your phone to test if a woman is going to show up for a date. Every man hates women who flake out on a date. It drives you nuts - but that problem will be a thing of the past with this simple test...

\* The best technique I know to get a SECOND date with a woman - and a third date, and a fourth... Using only phone techniques - cell phone, home phone, business phone - it doesn't matter...

\* How to use my "R3 process" to get date after date... after date. I developed this secret technique to work with women & dating. R3 "forces" women to either date you - or feel like a complete fool. (Guess what? They always choose the date.) You're about to use R3 to get what you want from women whenever you call...

\* How to treat the 3 types of girls on the phone. Most men who fail with calling women don't know that ALL women behave in one of 3 different ways when you call them. If you don't know how to handle each caller type you can forget about connecting with women...

\* The #1 secret to creating a connection with women while talking to them on the phone. If women don't feel comfortable around you, they won't take the next step with you. That's why you need to have a connection with them. This 10-year old "customer service" secret builds a connection FOR YOU...

\* How to use my "storyboarding" technique when texting women to make them want more. This one method will can push women into STALKER mode you with text messages until you finally take them out...

\* You'll come up with spontaneously fun and attraction boosting text messages. How? With my "S3™ Method". This Method has been the KEY to my success with texting women. Use it often and the "S3™ Method"

makes women want to call you to start telling you their feelings...

And more... MUCH much more.
